Welcome to Moon Mountain Woods Door Harp website. Swedish Door Harps are our main line of inlaid woodworking. We make 2,3,4,5, and 7-string harps that can be made with one solid piece of hardwood in the center or a combination of inlaid woods to make a scene of the sky and mtns. some with a full or crescent moon. Even one depicting the coastal hills and ocean-Our biggest and best! We have a romantic heart within a heart shaped 2-string door harp.

. The Swedish Door Harp has been a traditional musical chime piece that hangs on the inside of your door and as you open and close the door it welcomes your guests with its soft soothing sound and its nicely crafted wood inlay design. They make a wonderful house warming, wedding, Christmas or unique gift for that someone special. Check out all our styles and wood designs by clicking each in the products box at top of this page.

Our new line of Functional Kitchen Art serving boards has become another of our products using the same inlaid designs with a new use. Serving boards in the shape of a wine bottle or wine barrel make an interesting display and usable piece in any kitchen.
